

UPDATE: DERRY/ LONDONDERRY

Artbridge 2024

On the 9th of March, our young people in the Northwest exhibited a project that was the culmination of a year's work. Artbridge allowed these young people to make art centred around themes of community, identity, legacy, and culture. Additionally, the way Artbridge facilitated artistic expression gave young people spaces for reflection, meditation, and a genuine focus on their emotions, both positive and negative.

The art below is a small snapshot of the gallery young people presented to family and friends

“ I was lucky enough to get the opportunity to speak at [the show] and exit my comfort zone which I felt quite happy about. I also enjoyed the fact that my family was able to attend and see my work. The whole scheme made me feel happy and included, I got a chance to make new friends and get closer with [others]. It gave me the chance to learn more about not only my heritage and culture but more about art. Artbridge also gave me the opportunity to gain the confidence to be proud of my work and even if it's bad, own it.
